Cleanest city only on paper...

MCC worker dumps garbage in vacant sites

Mysuru, July 28 (BCT)- Mysuru may have clinched third place in the Super Swachh League under Swachh Survekshan 2024-25 in the 3–10 lakh population category, but residents say the reality on the ground paints a very different picture.

While the city basks in the glory of being listed among India's cleanest, local residents are questioning the Mysuru City Corporation's (MCC) commitment to waste management.

Their grievance: MCC's own garbage collection staff are dumping trash on roadsides, vacant plots, and areas already choked with construction and demolition (C&D) debris.

(See GARBAGE on page 6)

A worker is seen throwing dry waste from the vehicle that is used to collect garbage from households at Kanakadasanagar.

MDMA racket in city

35 homes raided

City Police Commissioner Seema Latkar inspecting a house during a raid conducted in the city yesterday.

Mysuru, July 28 (BLU&BCT)- In the wake of a massive MDMA (Methylenedioxymethamphetamine or ecstasy) drug bust on the Outer Ring Road, Mysuru City Police have intensified their crackdown on narcotics networks operating in and around the city.

The joint operation conducted on Saturday by the Maharashtra Anti-Narcotics Squad and Mysuru City Police unearthed a sophisticated drug racket operating from a vehicle garage.

(See MDMA RACKET on page 6)

SUSPENDED yesterday... REVOKED today !

Lakshmikanth Talawar

In the wake of the drug bust, Narasimharaja (NR) Inspector Lakshmikanth K. Talawar was suspended yesterday for dereliction of duty. However, the suspension order was revoked today.

The suspension, issued on the orders of City Police Commissioner, was an administrative measure. To maintain operational continuity, CCB Inspector Shabbir Hussain had been given additional charge of NR Station.

Wins Global Indian Achiever Award

Mysuru, July 28- Nishhat Afza, Founder and Director of city-based 'Curiocity - School of Creative Art & Design,' which has been operating successfully for the past 36 years, was conferred with International Award — The Global Indian Achievers Award — for her outstanding work in Creative Art and Summer Camp Programmes. This award was presented to her recently by the Association for Economic Growth during an International Seminar held in Bali, Indonesia.

Over the decades, Nishhat Afza has trained thousands of students in the field of Creative Arts and Crafts and is also a proud recipient of several prestigious State, National and International Awards.

EDITOR'S BOTTOMLINE

KEEPING GOOD COMPANY: ***When the Pandavas leave for the forest, the people of Hastinapura follow them, said Kidambi Narayanan in a discourse. They discuss the injustice done to the Pandavas, despite the presence of learned men like Drona in the royal court. They tell the Pandavas that success and failure are common in a war. But an enemy should not win by unfair means. The Kauravas have resorted to underhand means to defeat Yudhishthira in a game of dice. The citizens of Hastinapura do not want to remain in a city which is ruled by an unjust king. There are two kinds of people who do wicked things. Some are intrinsically wicked, like Dritharashtra and Duryodhana. Some sin because of circumstances. Bhishma, Drona and Vidura belong to the latter category.***

Having been with the Kauravas, they cannot abandon them suddenly, even when they know that Duryodhana is guilty of unforgivable sins. Having enjoyed the patronage of Dritharashtra for many years, how can they turn against him, when he needs them? So they stay back with the Kauravas. But Hastinapura residents give reasons for their decision to leave the city. We acquire the characteristics of those whose company we keep. If you add fragrant flowers to a pot of water, the water begins to smell good too. The people argue that they must be with righteous people like the Pandavas. If they stay back in a city ruled by Duryodhana, they too will begin to think and act like him, casting dharma away, and behaving selfishly. We should seek the company of educated people, the elderly whose experience we can benefit from, those with good qualities, those engaged in tapas and those with self-control. — *In The Hindu*

NEWS SPARKLERS

Zoo-keepers turn puppeteers to save baby vultures

Prague: Zoo-keepers in Prague sometimes have to become puppeteers to save newborn birds rejected by their parents. This was the case for a lesser yellow-headed vulture chick hatched three weeks ago.

Bird-keeper Antonín Vaidl said on Thursday that when a dummy egg disappeared from the nest, it signalled to keepers that the parents were not ready to care for their two babies.

The first-born is being kept in a box and fed using a puppet designed to mimic a parent bird, while another is expected to hatch in the next few days. Vaidl said the puppet is needed to make sure the bird will be capable of breeding, which it won't if it gets used to human interaction.

In the past, the park successfully applied this treatment to save the critically endangered Javan green magpie and two rhinoceros hornbill chicks. The puppet-feeding technique is applicable for birds that live in pairs.

Man arrested for impersonating ambassador

Ghaziabad: Police have arrested a man accused of running a fake embassy in a rented building in Ghaziabad and impersonating an ambassador of made-up countries like 'Seborga' or 'Westarctica.'

The scammer managed to defraud dozens of individuals and companies by posing as an ambassador of made-up micro-nations. Harshvardhan Jain had set up a fake embassy in Ghaziabad's upscale Kavi Nagar area, where he presented himself as a wealthy and well-connected diplomat, using fake documents, forged car plates and made-up foreign connections to trick his victims.

The 47-year-old suspect was arrested by the Special Task Force (STF) of Uttar Pradesh Police on Tuesday after his fake embassy in Ghaziabad was raided.

HEALTH CAPSULE

Check Your BP Regularly

Hypertension often has no symptoms but silently damages the heart and kidneys. Regular checks are a must.

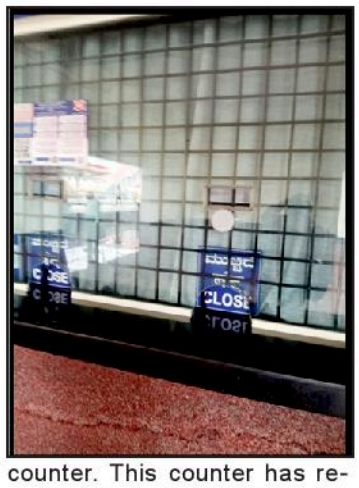
VOICE OF THE READER

New Ticket Counter at Ashokapuram Railway Station remains closed

Sir,

A new Ticket Counter was opened after inauguration of the second Terminal at Ashokapuram Railway Station for those coming from Western side and also nearby residents for easy travelling and also walking from 1st to 3rd, 4th, 5th or 6th Platforms.



Now people need not walk through foot overbridge from 1st Platform towards the 3rd or 4th etc.

But it is unfortunate that the new Ticket Counter is not kept open most of the times. It was closed on July 24 at 8.11 am and the Malgudi Express departs at 8.20 am from 4th Platform.

Just imagine the inconvenience caused to old and disabled persons — to walk from the new Western side entrance and go to 1st Platform through foot overbridge and return to 4th Platform through foot overbridge and to board Malgudi Express.

Why is the SWR Divisional Railway Manager (DRM) not giving surprise visits and also collecting data as to how many tickets are sold out from each counter. This counter has remained closed for the 5th time or 6th time in the recent past.

If that particular person is not present for duty at the counter, any alternative is not done for issuing tickets. Day by day, people travelling from Ashokapuram Railway Station is increasing, but SWR Mysuru officials are not looking into this problem. Hope the DRM will take suitable action.

I also request our MP Yaduveer Wadiyar to intervene in resolving this issue immediately.

Teachers urged to embrace innovation and ethics

Dr. C.G. Betsurmath, Executive Secretary of JSS Mahavidyapeetha, lighting the lamp to inaugurate 'Capacity Building Programme for Teachers' at JSS College for Women recently as Prof. C.K. Renukarya, Director, Pooja Bhagavat Memorial Mahajana Post Graduate Centre and others look on.

Mysuru, July 28 (BCT)- Teachers must possess strong subject knowledge and serve as consistent guides to foster academic growth among students, said Dr. C.G. Betsurmath, Executive Secretary of JSS Mahavidyapeetha.

He was speaking at the inauguration of a 'Capacity Building Programme for Teachers' held at JSS College for Women recently.

Calling for continuous professional development, Dr. Betsurmath emphasised the importance of innovative research and teaching skills to support the holistic development of students. "In today's evolving educational landscape, empowering teachers is vital to meeting modern academic challenges," he noted.

Chief guest Prof. C.K. Renukarya, Director, Pooja Bhagavat Memorial Mahajana Post Graduate Centre, highlighted the global shift in education driven by technological and pedagogical advancements. He encouraged teachers to adopt inquiry-based learning to spark curiosity and engage students through innovative projects.

Presiding over the event, Prof. Morabada Mallikarjuna, Director of the College Education Division, JSS Mahavidyapeetha, said the life of Dr. Sri Shivarathri Rajendra Mahaswamiji stands as a beacon of professional ethics.

He emphasised the importance of teachers forming emotional connections with students to genuinely inspire learning.

Dr. Rechanna, Principal of JSS College for Women and M.S. Nataraju, Principal of JSS PU College, along with faculty members, were present.

The programme began with an invocation by Dr. S. Chaithra, Head of the Hindi Department. R.S. Kumar, Head of the Kannada Department, welcomed. N.M. Krishnappa, Assistant Professor of Kannada, proposed a vote of thanks. Assistant Professor of Kannada Honnashetty conducted the event.

Technical sessions

Following the inaugural session, four technical sessions were conducted: Prof. Morabada Mallikarjuna spoke on professional ethics and their role in shaping ethical teaching practices; Prof. B. Mahadevappa, Department of Studies in Commerce, University of Mysore, addressed quality assurance in education and institutional standards.

Dr. R. Datta Kumar, Head of Operations, Excelsoft Technologies, Mysuru, explained the role of experiential learning in creating student-centric education while Prof. D.S. Guru, Department of Computer Science, University of Mysore, described teaching as the art of igniting curiosity and empowering students to reach their potential.

City Police launch 'Open House' to build trust with school children

Mysuru, July 28 (GA&TRR)- Instances of the Police adopting people-friendly approaches to build rapport with citizens are not new. But in a fresh initiative, Mysuru City Police have decided to become 'school-children friendly' through the launch of 'Tereda Mane' (Open House) aimed at familiarising students with Police functioning and breaking their fear of law enforcement.

Many children are curious about how the Police catch thieves and often assume that only criminals and victims enter Police Stations.

In some cases, parents inadvertently instil fear by threatening to "call the Police" to discipline kids. This initiative seeks to dispel such misconceptions, helping children view the Police as protectors rather than to be feared.

Every Thursday across stations: The programme is conducted every Thursday across all Police Stations in Devaraja, Krishnaraja, Narasimharaja and Vijayanagar Sub-Divisions.

Students are brought to the Stations, introduced to Police personnel and briefed about various sections of the Station, the process of filing an FIR and the jurisdiction of each Station. Demonstrations also explain how Cops respond to emergency calls on Helpline 112 and handle cybercrime complaints via the Helpline 1930.

DCP (Law and Order) R.N. Bindu Mani said, "Tereda Mane is being held in all Police Stations as per directions from higher authorities. Students from both Government and private schools are being given insights into Police activities, complaint procedures and crime prevention measures."

Inspector Divakar of Mandi Police Station noted, "Children are curious to know how we catch thieves. We explained that we first gather crime details, check records and trace suspects through mobile location tracking."

Pratibha Puraskar presented at Sadvidya

Mysuru, July 28- Pratibha Puraskar ceremony was held at Sadvidya High School, Vijayanagar in city recently to honour the outstanding achievements of the SSLC toppers for the academic year 2024-25.

The event also recognised and appreciated the hard work and dedication of the students who had excelled in the SSLC examinations.

The function was attended by the Committee Members of Kaveri Charitable Trust which runs the School. Hon. President Prof. M.S.K. Narahari Babu, Hon. Secretary M. D. Gopinath and Vice-President S. Balaji addressed the students and parents on the occasion. Senior Committee Member C. R. Nagaraj along with School Head Mistress K. Mamatha and members of staff were also present.

School topper R. Tanisha, who secured the State 9th rank (617/625) and all other 28 distinction holders were felicitated.

The Management members congratulated the toppers and emphasised the importance of perseverance and discipline for academic success. Their words highlighted the role of education in shaping a bright future.

Mementos were distributed to the achievers. Parents also appreciated the efforts and support of teachers and the Management. The ceremony concluded with a vote of thanks.

NEWS BRIEFS

Paper bag making training tomorrow

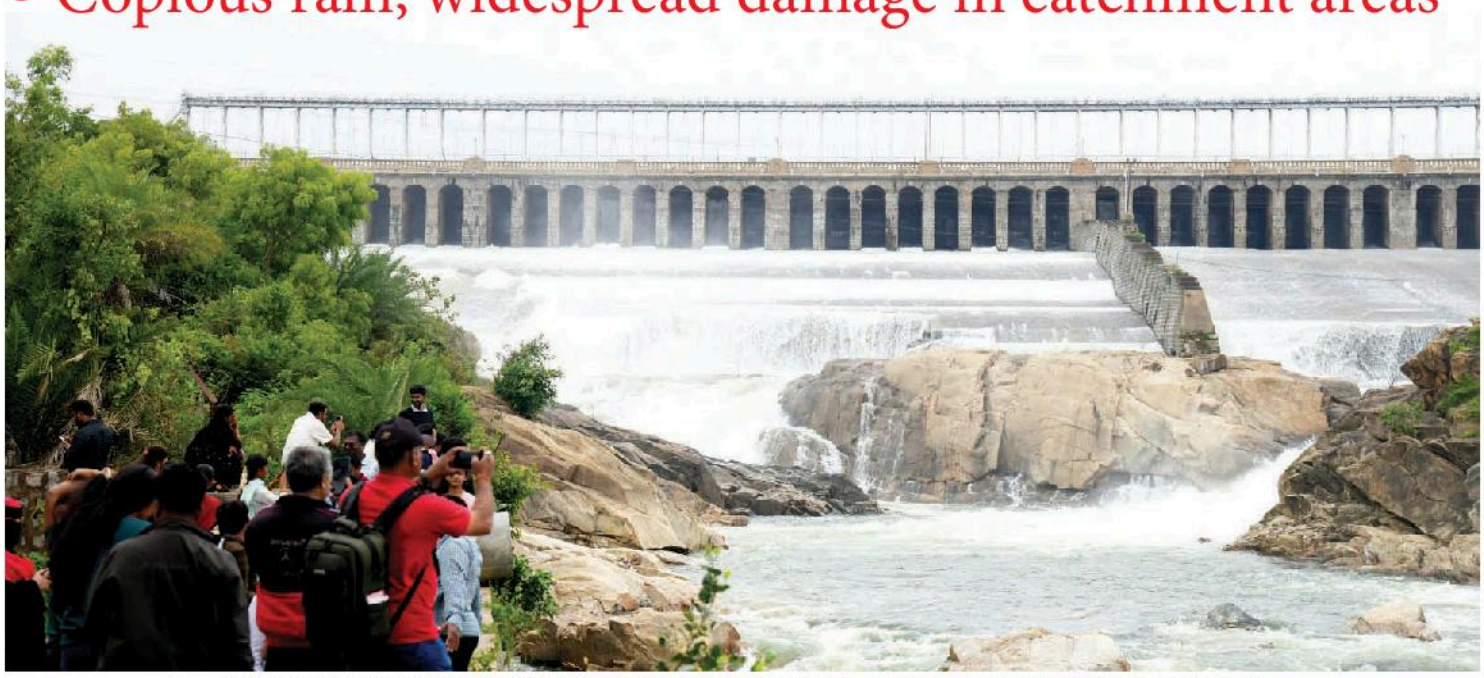
Charu Samskrutika Pratishtana, Mysuru, will be conducting a one-day training in paper bag making for teachers of special children schools, from 10 am to 4 pm tomorrow (July 29), at its premises located in SBM and Other Bank Employees Welfare Layout, near R.T. Nagar, Ring Road, Mysuru. For registration and more details, contact Mob: 89711-44897 or 83100-44631, according to a press release from the Pratishtana President D. Sheela Kumari.

Story writing competition

As part of the birth anniversary of author Triveni, the Lekhika Sahitya Vedike and the Triveni Shankar Sahitya Pratishtana have organised a State-level Psychological Story Writing Competition. The stories, with a maximum of 10-page limit, should be sent to *shylajaasuresh@gmail.com,* before Aug. 10. The first, second and third prize winners will be felicitated along with cash prizes and mementos. For details, contact Mob: 99163-78955, according to a press release from Lekhika Sahitya Vedike Convenor Shailaja Suresh.

85,000 cusecs & counting...

- Heavy discharge of water from KRS Dam downstream
- Copious rain, widespread damage in catchment areas



Visitors take pictures along River Cauvery at KRS as authorities release thousands of cusecs of water.

Mysuru, July 28 (MTY&BS)- Copious rains in Cauvery catchment area, has caused a surge in water level at Krishna Raja Sagar (KRS) Dam in Mandya district to the brim, prompting Cauvery Neeravari Nigam Limited (CNNL) authorities to release 85,000 cusecs of water to the river.

The whopping inflow of water into KRS Dam in the last three to four days has turned into a tourists delight, who have been thronging the river site in large numbers. Talacauvery, from where River Cauvery originates, has been receiving copious rains, the main reason behind the spurt in water level at KRS Dam.

The inflow of water at the dam on July 28 was recorded at 76,535 cusecs, taking the water level to 123.60 feet against the maximum dam capacity of 124.80 feet. In view of the safety of the dam and further surge in the inflow of water, the water is being discharged heavily since July 27, Sunday morning.

The water is being released from 14 crest gates and the visitors access to the close proximity of the river site has been restricted as a safety precaution, with the tourists visiting the place in hordes. Such being the trend among the visitors who want to behold the sight of gushing water, there has been a big rush of visitors during weekends and Sundays. Apart from locals, hundreds of tourists from various other districts have made the dam site their itinerary.

Second time full

In a short span of 25 days, KRS dam is full to its capacity. Earlier, the dam had reached its brim on June 29 touching 124 feet. Following day on June 30, Chief Minister Siddaramaiah, Deputy Chief Minister D.K. Shivakumar and several of his Cabinet colleagues had offered customary 'bagina' to the KRS Dam, a first in the month of June, ever since the practice of offering 'bagina' began.

From July 5 onwards, the water was being discharged into the canal and river, taking into cognisance the inflow of water. As a result, the water level at the dam had reduced to 121 feet, three feet below the maximum level. Now, the dam has reached its brim again, for the second time, a rare in the history of the dam.

The heavy discharge of water into the river has hit the part of Brindavan Garden hosting the Musical Fountain, with the area being water logged. The tourists entry has been restricted to that part of the garden and Musical Fountain has been suspended, leaving the tourists disappointed.

The boating at Ranganathittu Bird Sanctuary, where River Cauvery flows has also been suspended for now.

While the tourist entry to the bird sanctuary remains unaffected, the visitors are being repeatedly warned against venturing close to the river.

During the weekend, over 1,000 footfalls of visitors was registered at the sanctuary.

The old and new bridges built over River Cauvery, has turned into a tourist spot, with the tourists stopping over to catch the sight of water flowing in full force.

The famous Sri Nimishamba Temple in Srirangapatna, located beside River Cauvery and Gosai Ghat have been attracting the tourists in large numbers. Here too, the visitors are warned against stepping into the river.

Water released from Kabini, Taraka Dams

H.D. Kote, July 28 (BS)- Heavy rain at Nagarahole forest area and Wayanad in Kerala State, has risen the water level at Kabini and Taraka Dams here. Over 49,000 cusecs of water is collectively being released into River Kapila from these dams.

The maximum water level of Taraka Dam is 2,425 feet and the water level on July 27 was 2,423 feet, two feet below the maximum level.

"About 9,000 cusecs of water is released from three crest gate of Taraka Dam, with the inflow into the dam being recorded at 7,000 cusecs," said Taraka Assistant Executive Engineer (AEE) Natashekar.

The bridge near Katte Manuganahalli has totally submerged, leaving Katte Manuganahalli, Motha, Althalhundi and Motha Haadi out of bounds. The Ashwath Katte Shiva Temple in H.D. Kote town is inundated with water entering the temple premises.

Kabini Dam AEE Ganesh said, 40,000 cusecs of water including 5,000 cusecs of water from the Subhash Kabini Power Project is discharged through four crest gates. Those living on the river bank have been hereby instructed to move to safer places.

Nanjangud Temple area, bathing ghat inundated

Nanjangud, July 28 (BS)- As 51,000 cusecs of water is released into River Kapila, the surroundings of Nanjangud Srikanteshwara Swamy Temple and the localities in low-lying areas have been submerged.

Apart from 40,000 cusecs of water from Kabini Dam, 9,000 cusecs from Taraka Dam, 2,000 cusecs of water was discharged from Nugu Dam, totalling 51,000 cusecs of water.

The bath area near the river, Hadinaru Kalu Mantapa are totally submerged and the river water touching the steps of the Mudi Katte building, where the devotees tonsure their head, as an offering to the deity.

As a precaution, the Police have barricaded the entry to bath area, making alternative arrangement for the devotee to take a shower at the bath room adjacent to Dasoha Bhavan, where the mass feeding is arranged for the devotees.

The Parashurama Temple is totally submerged, following the flooding at River Gundlu, the tributary of River Kapila. Water has gushed into Ayyappa Swamy Temple and Chamundeshwari Temple premises, triggering the possibilities of water entering the Srikanteshwara Swamy Temple premises too, if the water level at the river rises further.

The overflowing River Gundlu has affected the residents of Hallada Keri, a low lying area behind Srikanteshwara Swamy Temple, with total five houses completely under water. The residents of Thopina Beedhi, Kurubageri, Vokkalageri, Saraswati Colony, Rajaji Colony are feared over the possibilities of flood.

Tahsildar Shivakumar Kasnur told media persons, the residents of the taluk need not fear over the present situation, as the Taluk Administration is fully prepared to tackle the situation. The Gruel Centres will be opened, if the water level in the river rises further. Those living on the river banks should move to safer locations.

25,000 cusecs from Harangi Dam

Kushalnagar, July 28 (BS)- Heavy rain in Cauvery and Harangi catchment areas has contributed to the increase in water level at Harangi dam too, forcing CNNL authorities to discharge 25,000 cusecs of water into the river by yesterday evening.

The confluence of Cauvery and Harangi rivers near Kanive Ramalingeshwara Temple has led to a significant rise in water level. The hanging bridge built across the river has been attracting the tourists, from where they have been espying the river area. The water holes and streams in the surrounding are also witnessing a heavy water flow.

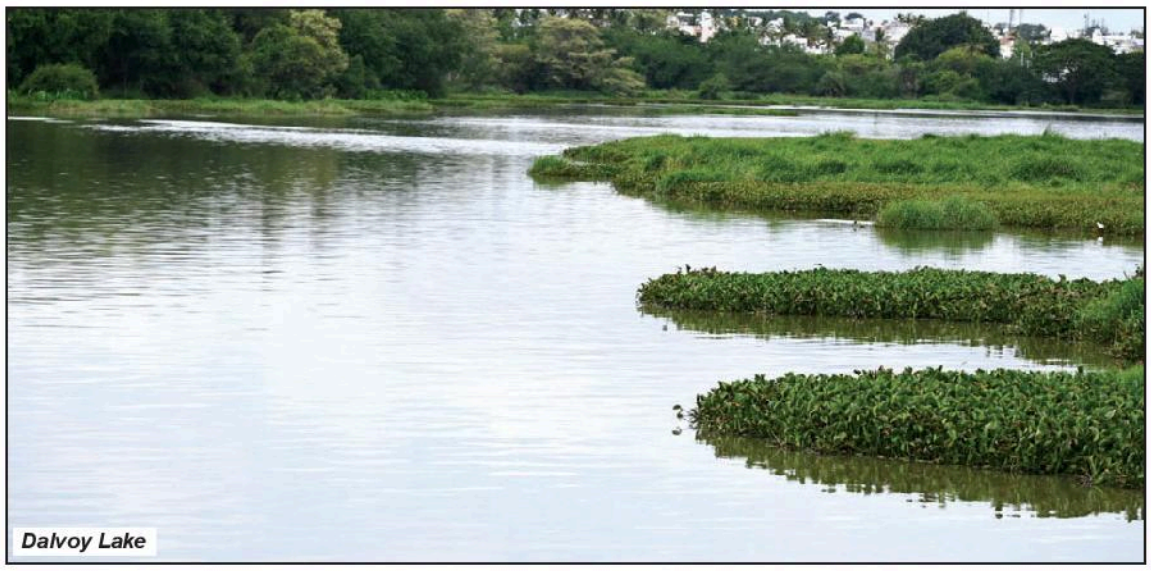
Puttaswamy, Assistant Executive Engineer (AEE) of CNNL, has instructed those living on the river bank to shift to safer areas and the fishermen to apply caution.

The bridge nearby is partially submerged, disconnecting the road to nearby villages like Yadavanadu, Hudugur, Attur, Doddasur and Harangi, forcing the villagers to take a roundabout of additional 10-km odd through Koodige to reach their natives.

Tahsildar Kiran Gowraiah and other Revenue Officers are involved in assessing the rain damages and the prevailing conditions at the river bank.

Rs. 40 crore facelift for 6 Mysuru Lakes

Funds from Lake Development Cess: MDA Commissioner Rakshith



Dalvoy Lake

Vajamangala Lake

Mysuru, July 28 (RK&BCT)- The long-awaited rejuvenation of Mysuru's historic Lakes — vital lifelines for the city and taluk and major tourist attractions — is finally set in motion.

Rakshith

In a bid to combat rising pollution and transform these water bodies into public spaces, six major Lakes including Dalvoy Lake on Mysuru-Nanjangud Road, will soon undergo large-scale restoration.

The total cost of the Lake rejuvenation project is estimated at Rs. 40 crore: Dalvoy Lake - Rs. 15 crore; Huyilalu, Hinkal, Devanur, Bugathagalli and Vajamangala Lakes - Rs. 5 crore each. In addition, several smaller Lakes near these water bodies will also be restored.

At a Single-Window Lake Development Committee meeting chaired by Deputy Commissioner G. Lakshmikanth Reddy at the Zilla Panchayat Hall on Friday, the Mysuru Development Authority (MDA) received the go-ahead to launch this ambitious project. The DC also serves as Chairman of both the Lake Development Committee and the MDA.

MDA Commissioner K.R. Rakshith presented detailed proposals outlining budgets, lake extents and the scope of work. An initial administrative sanction of Rs. 5 crore has been granted, with directions to obtain further approvals for higher allocations and expedite the tendering process.

Funds from Lake Development Cess

Speaking to *Star of Mysore*, MDA Commissioner Rakshith said the MDA collects a nominal Lake Development Cess from the public, which has accumulated to Rs. 40 crore as the funds remained unused for two years.

"We have received reminders from the Government to either utilise this Rs. 40 crore or return it to the Minor Irrigation Department. We decided to use it to develop Mysuru's Lakes. Several Lakes are encroached upon and we will clear these encroachments, beautify them for public use and create an ecosystem conducive for birds," he said.

Rakshith, who earlier served as Mysuru Tahsildar and Assistant Commissioner, is well-versed with city's lake systems. "Along with six Lakes, we will rejuvenate several smaller ones. Lake revival project will be formally submitted to the State Government for approval on July 28."

Dalvoy Lake's grand makeover

A comprehensive Rs. 15-crore development plan has been drawn up for Dalvoy Lake, spread across 134 acres near Mandakalli on the Mysuru-Nanjangud Road. The project envisions transforming the Lake into a scenic recreational hub.

Key works include large-scale desilting, construction of robust bunds, chain-link fencing, landscaped walkways and culverts. Entry points will be redesigned with ornamental arches, gates, a security cabin and public conveniences.

To enhance visual appeal, the Lake will feature seven solar-powered fountains, decorative lighting and extensive tree plantations. Seating zones and rest areas will be created to offer visitors fresh air and leisure space. A Detailed Project Report (DPR) has already been prepared to streamline execution.

A Lake must remain a Lake

In the first phase, six Lakes will be rejuvenated at a cost of Rs. 40 crore, with subsequent phases covering the rest. Our priority is to remove encroachments, beautify and fence these Lakes. A Lake must remain a Lake — this is our guiding principle. Gradually, these restored Lakes will also attract tourists.

—G. Lakshmikanth Reddy, Deputy Commissioner, Mysuru

Other Lake restoration projects

The revival extends beyond Dalvoy Lake to other significant water bodies in Mysuru taluk:

- **Huyilalu Lake (13.33 acres) and Hinkal Lake (5.9 acres):** Jungle clearance, desilting, crash barriers, contour bunds, revetment, interlocking tiles, fencing, LLC structures, steps and cattle ramps.
- **Devanur Lake (12.37 acres):** Jungle clearance, revetment, interlocking tiles, fencing and retaining walls.

Similar comprehensive restoration measures are planned at:

- **Three Lakes at Vajamangala (Varuna Hobli):** 5.19 acres, 7.30 acres and 1.28 acres.
- **Four Lakes at Bugathagalli:** 0.28 acres, 0.18 acres and 4.22 acres.
- **Two Lakes at Nadanahalli:** 3.36 acres and 1.36 acres.

AGM of Sri Sthanakvasi Jain Yuva Sangathan held

Mysuru, July 28 (KS)- The Annual General Meeting (AGM) of Sri Sthanakvasi Jain Yuva Sangathan, Mysuru, was held at Sthanak Bhawan in city recently.

The meeting was presided over by President Navarathan Darla which saw the presence of distinguished past Presidents Umesh Kothari and Manohar Shankhala, who were acknowledged for their continued guidance and support.

The AGM commenced with the introduction of new members into the Sangathan and marking the organisation's continued growth with the involvement of youths in community service and cultural initiatives.

Secretary Rajendra Desarla presented a comprehensive report detailing the Sangathan's completed initiatives over the past one year.

He also provided insight into several forthcoming projects aimed at community welfare and youth engagement.

Treasurer Ashish Patwa gave the financial report, outlining the fiscal health and transparency of the organisation.

Also present at the AGM were Vice-President Kiran Salecha, Joint Secretary Rishab Shankhala, members Pramod Chopra, Vikram Kawad, Suresh Salecha, Suraj Gandhi, Abhishek Singhavi, Pavan Kothari and Naveen Nandawath.

Yadavagiri residents flag key civic issues in 'Area Sabha'

By Bhamy V. Shenoy

Mysuru, July 28- Residents of Yadavagiri convened an informal 'Area Sabha' on Sunday (July 27) to discuss civic issues affecting their locality and explore collective solutions.

The meeting, attended by residents, was a preparatory step toward implementing the 74th Constitutional Amendment, which mandates Area Sabhas and Ward Committees for participatory urban governance.

The 74th Amendment, adopted in 1993, provides for Ward-level Committees comprising nine residents with supervisory powers. **Despite repeated directives from the High Court and appeals by several NGOs, Mysuru City Corporation (MCC) is yet to operationalise these bodies.**

Participants discussed improper disposal of household and garden waste, rash driving at night, stray dog menace, potholes, sewage overflow and unfinished street lighting work.

Garbage disposal: While Yadavagiri fares better than other localities, residents said some households, especially those on larger sites, dump garden waste in front of neighbours' homes. A proposal was made to request that MCC establish a weekly schedule for garden waste collection.

Traffic hazards: Complaints were raised about speeding vehicles at night, with some reportedly driving at over 100 kmph. Residents decided to meet the Vontikoppal Police Inspector to seek strict enforcement.

Stray dogs: Senior citizens expressed fear of dog bites during walks. In line with Supreme Court guidelines on compassion toward strays, residents suggested urging dog-lovers to avoid feeding animals on the streets.

Potholes and other civic works: Injuries caused by potholes were highlighted, though MCC has cited a lack of funds to address them. Other issues like power outages, tree planting and sewage overflow were deferred to the next meeting.

During the discussion, MCC's waste collection staff were praised for their work, with residents planning to felicitate them at the next meeting. A garbage collector, approached by participants, attributed littering to domestic workers rushing between multiple houses.

Residents resolved to encourage neighbours to attend future meetings, emphasising that larger participation is essential to realise the vision of self-governance. **"Area Sabha meetings highlight local problems effectively, but Mysuru still has a long way to go in building active civic responsibility," participants noted.**

MCC worker dumps garbage in vacant sites

(Continued from page 1)

"If MCC workers themselves flout basic waste disposal norms, what is the point of collecting wet and dry waste separately from our homes?" residents asked.

Parashuram, a resident of Kanakadasanagar, said, "For months, I've seen MCC garbage vans throwing dry waste by the roadside. Are they clearing garbage or just shifting it elsewhere? When we question them, they claim they're only responsible for wet waste and someone else will pick up the dry waste — which never happens."

Kanakadasanagar residents pointed to mounds of dry waste dumped near apartment complexes, vacant sites and even outside Sukrutha PU College. "What kind of example are these workers setting for students by dumping garbage near their college?" another resident asked.

Many allege that even when wet and dry waste are collected separately, the segregation ends there — both are dumped together in the same collection vehicle and carted off to waste treatment plants. "What guarantee is there that segregation happens at the plants?" residents asked.

An avid SOM reader sent this photo this morning of a vacant site strewn with garbage in Kanakadasanagar.

Civic activists say the city's slide from its once top-ranked cleanliness status is evident on the ground — uncleared garbage, C&D waste and encroachments mar footpaths and open spaces across the city, including key tourist areas.

They have called on MCC's health and sanitation wings to tighten monitoring, enforce accountability and involve tourism and hospitality stakeholders to maintain the city's image.

"The Super Swachh League ranking may look good on paper," an activist remarked, "but before MCC starts celebrating, it should take a hard look at what's happening on the streets."

Home Minister terms Mysuru MDMA seizure deeply alarming

Dr. Parameshwara

Davangere, July 28 (BCT)- Home Minister Dr. G. Parameshwara has termed the seizure of a massive cache of MDMA in Mysuru as deeply alarming, noting with concern that such large-scale drug activity was taking place within Karnataka.

He confirmed that the State Police will conduct an independent probe into the incident.

According to preliminary reports, the Maharashtra Anti-Narcotics Squad arrested a suspect and, acting on intelligence gathered during interrogation, raided a clandestine drug manufacturing unit on Mysuru's Outer Ring Road. The operation, supported by Mysuru Police, led to four arrests.

Initial investigations suggest the facility had been active for about 20 days, though authorities are probing whether it had been operational for longer. Parameshwara assured that the investigation would map the entire supply chain — from manufacturing to distribution — and identify its reach within and beyond Karnataka.

MDMA racket in city: 35 homes raided

(Continued from page 1)

Night-long raids on homes

Following the seizure, a team led by City Police Commissioner Seema Latkar and Deputy Commissioners of Police R.N. Bindu Mani (Law & Order) and K.S. Sundar Raj (Crime & Traffic) conducted late-night raids on the residences of 35 known offenders previously linked to marijuana trafficking. Of these, 29 were subjected to intense questioning.

In Mandi Mohalla, the Police came across 26 individuals who were consuming ganja and arrested one seller. Simultaneous surprise raids were also conducted in Udayagiri, N.R. Mohalla, Nazarbad, and K.R. Mohalla. In total, 59 warehouses, several hostels and residential premises were inspected during the crackdown.

"Since the MDMA unit was raided on Saturday, we have continued operations. Last night alone, we raided 35 homes until 12.30 am. The crackdown will continue, and an FIR has been registered," Commissioner Latkar told Star of Mysore this morning. She has also directed all police stations to launch special anti-drug drives in their respective jurisdictions.

13 kg seized, 50 kg in production

Acting on a tip-off from an accused, Maharashtra Police — assisted by local Police authorities — raided the production facility on Saturday.

The raid yielded 13 kg of powdered MDMA and about 50 kg of MDMA in liquid form, undergoing processing. Police sources confirmed four arrests, though the Commissioner declined to reveal the total quantity seized.

The arrested suspects are: Firoz Maula Sheikh (28), Andheri, Mumbai, Sheikh Adil Bin Jubair (23), Surat, Gujarat, Syed Mehfooz Ali (21), Bharuch, Gujarat – a chemical diploma holder and Ajmal Sharif (45), Mysuru

Investigations revealed the premises belonged to Cable Mahesh of Kumbarakoppal and had been rented to Ajmal for Rs. 20,000 per month. Ajmal constructed a car shed, using part of it for car repairs and subletting the remaining space to a Mumbai-based individual named Riyan for a staggering Rs. 2 lakh per month.

Earlier arrests linked to April seizure

This operation is a follow-up to a major seizure in April, when Maharashtra Police arrested seven people and confiscated a huge cache of MDMA.

Several accused had absconded at the time; one was recently arrested and, during interrogation, revealed that he and three associates had been hiding in Mysuru, supplying drugs to Bengaluru and other cities across multiple States.

Officials disclosed that the syndicate was importing MDMA and other synthetic drugs into Mumbai from abroad, distributing them nationwide through bulk transactions rather than retail peddling. The cartel used secure 'safe houses' across major cities, ensuring even intermediaries were unaware of storage locations.

With four fresh arrests, the total number of accused in custody has risen to eleven. Investigators confirmed that at least three of them are foreign nationals, pointing to a large-scale, organised international drug syndicate.

Mysuru Police are now probing deeper links: How did the traffickers establish local contacts? Were there facilitators within the city? Could additional cells be operating undetected? The investigation aims to uncover the full extent of Mysuru's role in this narcotics network.

MDMA racket busted in Mysuru city

Public safety at stake: MP seeks strict action

Yaduveer inspects Unity Mall project site at Dasara Exhibition Grounds

Mysuru, July 28 (BLU&BCT)- Mysuru-Kodagu MP Yaduveer Krishnadatta Chamaraja Wadiyar has expressed deep concern over the discovery of an MDMA manufacturing unit in Mysuru, calling it "deeply alarming and shocking."

Speaking to reporters during his visit to the under-construction Unity Mall, funded by the Centre at the Karnataka Exhibition Authority (KEA) Grounds this morning, he stressed that illegal activities of this scale in Mysuru demand urgent attention.

"I will bring this matter to the notice of the Union Ministry of Home Affairs and urge immediate action. Such operations must not be allowed anywhere," he stated.

The MP acknowledged the pressures faced by law enforcement agencies but insisted that such cases must be treated with the highest priority. **He revealed that the Narasimharaja Constituency has seen a sharp rise in the sale of "solutions" and narcotic substances, with numerous public complaints pouring in.**

Yaduveer pledged to push for decisive intervention from the Central Government, including measures to strengthen Police capabilities. He pointed to cases linked to Udayagiri Police Station and other locations, adding that reports indicate drugs are being sold in several Colleges and Universities across Mysuru.

Yaduveer said, "Law and order must remain robust not only during election season but beyond. The Chief Minister must treat this issue as a priority and ensure strict enforcement even post-election. True prestige lies in safeguarding public safety."

Unity Mall: The MP also inspected the construction of the Unity Mall at Dasara Exhibition Grounds.

The project, being implemented by Karnataka State Industrial and Infrastructure Development Corporation (KSIIDC), aims to promote and sell District and State-level products under one roof.

Estimated at a cost of Rs. 193 crore, funded by the Centre, the Mall will showcase local artisans and entrepreneurs, featuring iconic items such as Mysuru sandalwood and betel leaves. It will house 90 shops in an international-standard complex, blending traditional architectural styles and preserving heritage trees within the site.

Aligned with the 'Make in India' campaign, the initiative is part of a nationwide plan to establish Unity Malls in every State to boost economic growth, employment and cultural integration, the MP noted.

"The Mall is not just about commerce — it's a symbol of cultural unity and self-reliance," Yaduveer said.

Protest staged against MLC Yathindra

Mysuru, July 28 (GA&VNS)- Members of Karnataka Senapade staged a protest in front of Old Deputy Commissioner's Office yesterday against MLC Dr. Yathindra Siddaramaiah for comparing his father and Chief Minister Siddaramaiah with Nalwadi Krishnaraja Wadiyar.

Stating that Dr. Yathindra had no information about the contribution of Nalwadi to Karnataka, the protesters said the erstwhile Mysore Maharaja was responsible for commencing various education institutions and industries apart from introducing irrigation projects and policies for social welfare. The protestors demanded a public apology from the MLC for his comments.

Nalwadi-Siddaramaiah comparison

My statements were misconstrued: Dr. Yathindra Siddaramaiah clarifies

Mysuru, July 28 (MK&BCT)- MLC Dr. Yathindra Siddaramaiah has clarified that his recent comments were not intended to diminish the legacy of Nalwadi Krishnaraja Wadiyar, for whom he expressed deep respect.

He stated that the Maharaja's administration continues to be a source of inspiration for all.

Speaking to reporters after attending the closing ceremony of the Mysuru District Journalists' Association Sports Meet at Oval Grounds yesterday, Dr. Yathindra said his remarks were meant only to highlight the significant contributions made to Mysuru City by Chief Minister Siddaramaiah.

"I never suggested that Nalwadi's legacy should be downplayed," he said. "What I meant was that no Chief Minister after independence has granted as much funding to Mysuru City as CM Siddaramaiah did under the Congress Government."

He further added that the Maharaja is always honoured during memorial events, and the intention was never to draw a political comparison with my father (Siddaramaiah). "Some are misinterpreting my comments, perhaps for the sake of opposition," he noted, insisting that there's no reason to politicise the matter.

Fake NIA money laundering call

PFI 'terror fund' bluff: Elderly woman loses Rs. 37.82 lakh

Mysuru, July 28 (KS)- Online fraudsters posing as National Investigation Agency (NIA) officials cheated a 73-year-old woman of Rs. 37.82 lakh after accusing her of involvement in money laundering linked to the banned terror outfit Popular Front of India (PFI).

The victim, Kamala (name changed), a resident of J.P. Nagar, received a WhatsApp message on July 12, followed by a video call from a man in uniform claiming to be an NIA officer from Mumbai. Convinced by his appearance, Kamala complied when asked to share photographs of her bank account statement and debit card.

The fraudsters alleged that her Aadhaar-linked bank account had received Rs. 2.5 crore from PFI as 'terrorism fund' and that a money laundering case and arrest warrant were issued against her.

Exploiting her panic, they instructed her to transfer her savings into accounts they provided, promising the funds would be returned post-investigation.

Trusting them, Kamala transferred Rs. 37.82 lakh in four instalments — on July 15, 19, 24, and 25 — only to realise she had been conned. A case has been registered at the city's Cyber, Economic and Narcotics (CEN) Police Station.

Man loses Rs. 2.1 lakh

In another case, Manju (name changed) of Brindavan Layout, lost Rs. 2.10 lakh after falling prey to an online investment racket.

While browsing for investment opportunities, he came across a website promising 12–24 percent returns. Persuaded by these claims, he invested Rs. 2.10 lakh in phases, but neither received profits nor was able to withdraw his money. Realising the fraud, he filed a complaint with the CEN Police in city.

PUBLIC NOTICE

My client is intending to purchase, the below mentioned Schedule Property from **Dr. A.S. Rajagopal**, Son of Dr. A.T Srinivasa Iyengar, aged about 67 years, residing at 8, Kennedy Close, Wootton Bridge, Ryde P033 4LY, Isle of Wight, United Kingdom, represented by his GPA holder **Miss. A.S. Nalini**, Daughter of Dr. A.T. Srinivasa Iyengar aged about 71 years, residing at 941, Shanthi Vilas, Second Main Road, Lakshmipuram, Mysuru-570004, (referred as "Owner"). The Owner has represented that he is the absolute owner of the Schedule Property having absolute, clear, marketable right, title and interest therein and that there are no other person/s having any right, claim over the Schedule Property apart from him. The Owner has further represented that he has not mortgaged, created a lien, encumbered the Schedule Property or part thereof in any manner and that the Owner has not entered into any agreement for Sale/MoU with any person/s regard to the Schedule Property. Any person/s having any objection or claims shall with documentary evidence lodge their objections/claims within **10 (ten) days** from the date of this notice to my office at situated at No.1063/71A, F-3A, 2nd Main, 8th Cross, Vidyaranyapuram, Mysore-570 008, failing which my client shall proceed with the above mentioned transaction, without any reference and regard to such purported claim, interest, which shall be deemed to waive off for all claims and purposes.

SCHEDULE PROPERTY

ALL THAT PIECE AND PARCEL of the property bearing Residential Apartment No. J-443, (PID No: 11-3-89-TF-J443), in Third Floor, of the project "Brigade Sparkle", having super built-up area of 1290 square feet (119.844870 Square Meters) which includes built up area of 1069 square feet and proportionate share in common areas such as passages, lobbies lifts, staircases and other areas of common use measuring 221 square feet, constructed on the property bearing Nos. 18/1 and 18/2, situated at Industrial Layout III Stage, Vishveshwara Nagara, Khille Mohalla (previously known as Industrial Suburb, III Stage, Mysore-South), Mysore with ceramic flooring along with 516/94960th undivided share, right, title and interest in the property equivalent to 701 square feet (65.125003 Square Meters) and one car parking space in the Basement and the Apartment is bounded on the:

East by: Open Space towards Road
West by: Apartment No. J-442 at Brigade Sparkle
North by: Open Space towards Private Property
South by: Lobby at Brigade Sparkle

Various books released in city

'Paataladinda Parvataverida Rudramma'

Retired Kannada Professor Dr. H.M. Kalashree** (third from right), **who released the Kannada book** 'Paataladinda Parvataverida Rudramma' **at R.R. Farm on H.D. Kote Road, Mysuru, recently, is seen with** (from left) **Publisher Ganesh Amingad, Dr. Chatur Ravanikar, Nitin Ravanikar, Prof. Komala Gangadhar, author Nagendra Ravanikar, Advocate S. Arunkumar and Chetan Ravanikar.

Rudramma

Mysuru, July 28 (TRR)- A rare book written by a husband about his wife, 'Paataladinda Parvataverida Rudramma,' authored by former MyLAC Managing Director Nagendra Ravanikar, was released at R.R. Farm on H.D. Kote Road in city recently.

The book was released by retired Kannada Professor Dr. H.M. Kalashree.

Speaking after releasing the book, Dr. Kalashree said that the book written by a proud husband about his wife is both a biography and an autobiography.

Writer's wife Rudramma, who hailed from a poor background, has the credit of introducing Home Science in Yuvaraja's College, Mysuru. Home Science was later renamed as Department of Food Science and Human Development. Rudramma, by providing a building to this Department, brought both recognition and dignity to the Department, said Dr. Kalashree.

Continuing, she said that Rudramma, who lost her mother when she was a kid, suffered shame and humiliations. She took all of them as life's challenges and rose to great heights in her career.

"Unable to understand the reason for the death of mother, Rudramma nursed ambitions of becoming a doctor. Though she couldn't realise her dream, she became a Professor in Mysore University and retired as the Head of Department. Though she was qualified to become Vice-Chancellor of University, the prevailing system didn't allow her to occupy the coveted post," regretted Dr. Kalashree.

Prof. Komala Gangadhar, Chairperson, Department of Food Science and Nutrition, who presided, said that Rudramma became a Professor at a time when Dalit women received little encouragement.

"It was Dr. P. Selvie Das, former VC of University of Mysore who encouraged her," added Prof. Komala and recalled that her present position in the Department of Food Science was possible due to the mentoring of Rudramma while doing her Ph.D.

Advocate S. Arunkumar presided over the event. Author Nagendra Ravanikar, his children Chetan Ravanikar, Nitin Ravanikar and grandson Dr. Chatur Ravanikar were present. Ganesh Amingad of Kavitha Prakashana anchored the programme.

'Hosagannada Sahitya Charitre: Panthagalu'

Prasaranga Director Prof. Nanjaiah Honganur** (centre) **releasing the book** 'Hosagannada Sahitya Charitre: Panthagalu' **at a programme held at Prasaranga premises in the city recently as others look on.

Mysuru, July 28 (MK&DM)- University of Mysore (UoM) Prasaranga Director Prof. M. Nanjaiah Honganur released the book titled 'Hosagannada Sahitya Charitre: Panthagalu,' co-authored by writers Dr. Hombaiah Honnalagere and Srinath B. Kambli, at a programme organised under the aegis of Karnataka Folklore Scholars Federation, at Kuvempu Auditorium in Prasaranga premises, Manasagangothri on Hunsur Road here recently.

Speaking on the occasion, Prof. Honganur said that while Halegannada focussed more on describing the administration of the erstwhile rulers, Hosagannada literature has etched in the minds of the common man.

Pointing out that it is Hosagannada literature that is most used in writing and speaking, he maintained that the empathy of Dalit, Backward Classes and women have remained alive in Hosagannada literature.

Observing that Hosagannada literature has been the voice of marginalised, vulnerable and all other such sections of the society, he said that the book has explained about the love for the land, literature, patriotism, movements, agitations and such other spheres of life.

PSI T.S. Mahendra said that books will show us new ways if one reads and understand them. He called upon the student fraternity and youths to use cell phones to the least extent possible and to concentrate much on reading and writing.

Federation Convenor Dr. H.P. Manju, Journalist Vinod Mahadevapura, Prasaranga Superintendent Channabasappa, Assistant Director Anil Kumar, Printing Press Manager Satish, Shivalingegowda, Talakad Nagaraj, Shankar, Vishwanath and others were present.

'Pouranika Natakatraya' and 'Basavanna Swamigala Sahityavalokana'

Kannada books** 'Pouranika Natakatraya' **authored by late Basavanna Swamy and** 'Basavanna Swamigala Sahityavalokana,' **written by B.V. Umakantha Borayyanahundi, were released by Dr. K.V. Nagaraj Murthy** (centre), **Chairman, Karnataka Nataka Academy, at Sri Shivarathri Rajendra Bhavan, JSS Hospital premises in city, recently as others look on.

Mysuru, July 28 (GA&TRR)- Two Kannada books 'Pouranika Natakatraya,' authored by late Basavanna Swamy and 'Basavanna Swamigala Sahityavalokana,' written by B.V. Umakantha Borayyanahundi, were released by Dr. K.V. Nagaraja Murthy, Chairman, Karnataka Nataka Academy, at a function held at Sri Shivarathri Rajendra Bhavan, JSS Hospital premises recently.

Speaking after releasing the books, Dr. Nagaraja Murthy said that if Indian mythologies are still alive today among the people of the country, it is because of our theatre activists including singers and folk singers. They formed numerous troupes to propagate the ideals of Vachanas through Tatvapadas and folk songs, to common man. "The State Government has declared Basavanna as a Cultural Leader. All religious heads of the State will, in a campaign to be held from Sept. 1 to 30, organise people who are followers of Basavanna and his ideals," said Dr. Nagaraja Murthy.

Continuing, he said that Pha. Gu. Halakatti published Vachana Sahitya and made them linger in the minds of the people. While Basavanna founded the Lingayat community, the most humanitarian religion, Poet Laureate Kuvempu propagated the message of Universal Man. Both of them have contributed to the expansion of the society. Basavanna declared that 'There is no religion without compassion and compassion is the foundation of all religions.' Hence, it is essential to preserve the legacy of Sharanas, opined the Chairman of Karnataka Nataka Academy.

"In one of his plays, Dr. Chandrashekar Kambar has stated that King Bijjala was not killed by Sharanas which has been hailed by everyone by appreciating the viewpoint of Dr. Kambar. But even before that, about 70 years ago, late Basavanna Swamy had written about this. Both Dr. Kambar and late Basavanna Swamy are rationales," he concluded.

Sri Mahanta Swamiji of Devanur Gurumalleshwara Mutt, Sri Siddamalla Swamiji of Somahalli Veerasimhasana Mutt, retired Professor D.N. Sadashivamurthy, Publisher D.N. Lokappa of Samvahana Publications and others were present.

'Strength in Gratitude'

Booker Prize recipient writer Banu Mushtaq** (centre) **releasing the book 'Strength in Gratitude,' written by Dr. Zakir Hussain, at a function organised at Maulana Azad College in city recently as others look on.

Mysuru, July 28 (KS)- Booker Prize recipient writer Banu Mushtaq was felicitated at a function organised at Maulana Azad College on Dr. Rajkumar Road in city where she also released the book, 'Strength in Gratitude,' written by Dr. Zakir Hussain.

The event, attended by distinguished guests, students and faculty members, began with a welcome address by Farheen Hussain followed by the felicitation.

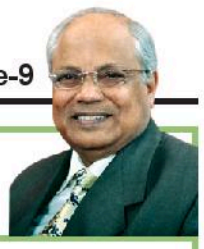
Prior to the main event, Banu Mushtaq was taken on a tour of the institution, where she had the opportunity to observe a model classroom. She also witnessed a demonstration on Cardiopulmonary Resuscitation (CPR), showcasing the institution's commitment to practical learning.

Senior teacher C.G. Nagaraj shared insights on the importance of such initiatives and welcomed Banu Mushtaq's feedback and suggestions.

The highlight of the evening was the launch of Dr. Zakir Hussain's book 'Strength in Gratitude.' Dr. Hussain, President of SSE Trust, was present to share his thoughts on the book's theme and inspiration.

The event concluded on a high note, with the attendees expressing their appreciation for Banu Mushtaq's presence and Dr. Zakir Hussain's literary contribution.

CRICKET TALK



By V.N. Prasad

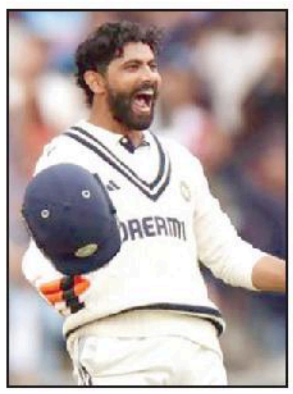
Indians salvage an almost 'Impossible,' pull off sensational draw at Old Trafford

Bravo boys. You have done India proud by drawing the fourth Test. Yes, we know that anything is possible in Test cricket. But, to imagine our boys batting and battling more than five sessions to salvage a 311 runs deficit was simply out of the world. The wicket played cruel. Indifferent bounce and troughs/ lows caused injuries as Chris Woakes, Jofra Archer and Brydon Carse bowled their hearts out. But the defiant Indians stood strong as the Englishmen turned yellow as the time ran out for the shake of hands eventually.

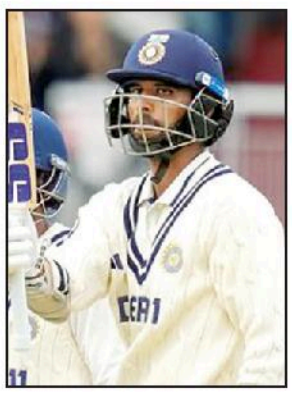
"New Records were created at Old Trafford." Joe Root surpassed Ricky Ponting to aggregate the second highest number of runs in Test cricket; only behind the legendary Sachin Tendulkar. And, 669 in the 2nd inning by England was the highest total by a team at the Old Trafford. Indeed, England did very well. But our boys were better. Centuries by Joe Root and Ben Stokes were fluent; as openers Zak Crawley, Ben Ducket and Ollie Pope rendered strong support. But, our boys outsmarted you on the 4th and 5th days.

Imagine. India were reduced to 0/2; as Yashasvi Jaiswal and Sai Sudharsan surrendered like novices. What followed

Shubman Gill



Ravindra Jadeja



Washington Sundar

was simply epic. Undoubtedly, brilliant 90 by K.L. Rahul (in fact the off cutter from Stokes was unplayable), patient and foundation laying 103 by skipper Shubman Gill, magnificent 101 by young Washington Sundar and a mature 107 by Ravindra Jadeja totally eclipsed all other centuries by the Englishmen; particularly 150 by Joe Root and 141 by skipper Ben Stokes in this Test. They were brilliant, no doubt. But centuries by our boys were defiant, heroic and valiant; that saved us from the jaws of defeat.

I for one felt that the 'Man of the Match' award should have gone to skipper Gill than to skipper Ben Stokes. Ok. Six wickets in the Test and 141 were defining. Logically, it was Gill's masterly hundred that laid very strong foundation for Rahul, Sundar and Jadeja to build and draw the Test. And, that should have been the factor for consideration. Anyway.

Amidst of all ecstasies, are there any serious issues for our Head Coach Gautam Gambhir to ponder. It is an emphatic yes.

1. Analysis by Sunil Gavaskar, Nasser Hussain, Michael Vaughan revealed that "Skipper Gill wanted Kuldeep Yadav in the team; but the Head Coach Gambhir side-lined Gill and brought in Shardul Thakur instead.

2. Imagine the morale of the skipper under such situations. In fact it should be the prerogative of the skipper to opt for the best eleven.

3. We hope better sense will prevail for the final Test at The Oval.

4. Is Sai Sudharsan mature enough. Well, I doubt — despite his 61 in the 1st inning. He should have gone at 20. Thanks to keeper Smith who dropped a simple catch. He is vulnerable to deliveries on his leg. He can be trapped in the arc between two leg gullies, leg slip and behind the stumps.

5. Is Jaiswal psychologically strong and technically sound to be called a settled opener. Well, NO. In both the innings, he simply threw away his wicket. Woakes bowled beautifully to get him and Sai no doubt. But, Jaiswal looked petrified as he walked into the crease.

6. Do our seamers have anything to learn from Ben Stokes. Indeed yes. He bowled aggressively inducing hook and outer edge very intelligently. We were only lucky that he injured his hamstring while batting on 66 and never recovered completely to bowl in our second inning.

All in all, hearty congratulations to our boys. Now, we fly into London and face the final Test at The Oval with tremendous confidence. We do hope they will emerge victors and salvage a 2-2 series. And, let me tell you. It will be more than a series victory; in context of the historic draw at the Old Trafford.

MDJA Annual Sports Meet concludes

Rural Secretary's XI team wins KBG Cricket Cup

Rural Secretary's XI team receiving 'KBG Cup' from MLC Dr. Yathindra Siddaramaiah during the valedictory of MDJA Annual Sports Meet at Oval Grounds in city yesterday. MLA Anil Chikkamadu, MDJA President K. Deepak, NR ACP Raviprasad and others are seen.

Mysuru, July 28 (MK&VNS)- The 2-day Annual Sports Meet, organised by Mysuru District Journalists Association (MDJA) for its members and family at Oval Grounds in city, concluded yesterday.

In the Cricket Tournament organised as part of annual sports, Rural Secretary XI team won the inaugural 'KBG Cup' defeating City Vice-President XI team. MDJA named the cricket tournament in memory of late K.B. Ganapathy (KBG), Founder-Editor of *Star of Mysore* and *Mysuru Mithra*, who passed away recently.

A total of five teams including President's XI, Vice-President's XI, General Secretary's XI, Rural Secretary's XI and MDJA XI took part in the tournament. The Association had also organised various sports for the men and women. On Day-2, athletic events, shot-put, rangoli, musical chair, lemon-and-spoon race among others were held.

MDJA also felicitated T. Narasipur PU College Assistant Professor and International Basketball Player Kaliyanda Reshma Chengappa, sports journalist Girish Doddamani and KSCA Mysuru Zone U-19 player H.N. Rohan.

MLA Yathindra Siddaramaiah distributed prizes to the winners. MLAs Anil Chikkamadu, K. Harishgowda and D. Ravishankar, NR ACP Raviprasad, Hotel Owners Association President C. Narayanagowda, MDJA President K. Deepak, General Secretary Dharamapura Narayana and others were present.

Mysore Warriors 'Hunt' for talented women cricketers

Mysuru, July 28 (VNS)- Mysore Warriors, owned by city's NR Group, conducted Talent Hunt at Just Cricket Academy in Bengaluru to identify aspiring women cricketers to participate in the maiden KSCA Maharani Trophy T20 - 2025 to be held in Bengaluru from Aug. 4 to 10. Cycle Pure Agarbathi will be extending their support to the Maharani Trophy and will present the 'Trusted Player' award to outstanding performers of the 2025 season.

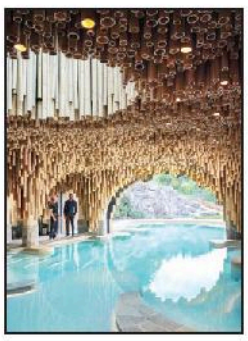
The Mysore Warriors, having achieved an impressive win last year in the Maharaja Trophy and with a legacy of nurturing cricketing talent, are now extending their commitment by hosting a talent hunt for young, aspiring women cricketers. This initiative aims to identify and cultivate promising young cricketers, offering them a chance to secure a position in the inaugural season of the Maharani Trophy and be part of Mysore Warriors. Around 60 to 70 talented women cricketers will be recommended by the Mysore Warriors team for inclusion in the upcoming auction.

Speaking about the Maharani Trophy, Arjun Ranga, Owner of Mysore Warriors and Managing Director of Cycle Pure Agarbathi, said: "As the Maharani Trophy kicks off its inaugural season, the Mysore Warriors is incredibly excited to be part of this historic event and contribute to the growth of women's cricket. Through the talent hunt, upcoming players will be able to nurture their cricket abilities and represent Mysore Warriors."

Warriors Team Manager M.R. Suresh, Women's Team Head Coach Karuna Jain, Assistant Coach S. Rajath, Physio Mridu Gautham, Strength & Conditioning Coach Harshitha Krishnaswamy and Throw Down Specialist Guru were present.

WORD OF THE DAY

Sui generis



Pronunciation: soo-eye-JEN-uh-ris (Noun)
Meaning: Sui generis is a formal adjective used to describe someone or something in a class or group of its own, or in other words, unlike anyone or anything else.
Origin: Many English words ultimately trace back to the Latin forms gener-or genus (which are variously translated as "birth," "race," "kind," and "class"). Offspring of those roots include general, generate, generous, generic and gender. But sui generis is truly a one-of-a-kind genus descendant that English speakers have used to describe singular things since the late 1600s. Its earliest uses were in scientific contexts, but where it once mostly characterised substances, principles, diseases and even rocks thought to be the only representative of their class or group, its use expanded by the early 1900s and it is now used more generally for anything that stands alone.
Example: "TV on the Radio, the celebrated group whose experimental amalgam of rock, post-punk, electronic and soul made it sui generis in the 2000s New York scene, knew it was time for a break. It was 2019, and after nearly 20 years and five albums together, the nonstop demands of recording and touring had taken its creative and physical toll." —Jason Newman, Rolling Stone, 16 Apr. 2025.

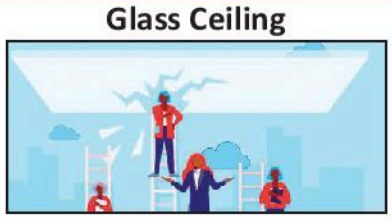
THE ODD WORD

Acnestis

The part of the back (or backbone) between the shoulder blades and the loins which an animal cannot reach to scratch

PHRASE OF THE DAY

Glass Ceiling



Meaning: The term 'glass ceiling' is often used in a situation when a woman or someone from a minority group has had a hard time climbing up the professional ladder, and seems to have plateaued professionally below their actual potential.
Origin: This term was first heard in 1978 when Marilyn Loden (an American author) mentioned this in a speech she gave. Hillary Clinton recently made it very popular again when she used this term after she lost the political election in 2016.
Example: "She was not able to break through the glass ceiling; despite her qualifications, she was not promoted to the executive level position."

QUOTE BOX

I never think of the future - it comes soon enough. **—Albert Einstein**

Sudoku is a number-placing puzzle based on a 9x9 grid with several given numbers. The object is to place the numbers 1 to 9 in the empty squares so that each row, each column and each 3x3 box contains the same number only once. The difficulty level of the Concept is Sudoku increases from Monday to Sunday.

CRYPTOQUIP

The Cryptoquip is a substitution cipher in which one letter stands for another. If you think that X equals O, it will equal O throughout the puzzle. Single letters, short words and words using an apostrophe give you clues to locating vowels. Solution is by trial and error.
